

# Mihai Ivascu

CEO And Founder Modex  
mihai@modex.tech

*"Ever since I first met Mihai Ivascu, over a decade ago, I knew he was a born leader. Mihai has that rare mixture of emotional intelligence, personal ambition and drive, social commitment, belief in human justice, intellectual curiosity, and humility — qualities that are all firing at once."*

David Applefield, Special Projects Representative Financial Times, publisher of Kiwai Media, 2020 candidate for US Congress (NJ-4).

## Main Speaking Topics

### Blockchain

As founder of Modex - the blockchain company - Mihai speaks about what problems can this technology solve and how important it is to support the revolution.

### Fintech

Creating Moneymailme was an experience by itself, an experience which becomes a way to find a common ground between the financial system and fintech solutions.

### Leadership

With 12 years of experience in founding companies and 4 offices around the world, Mihai is sharing his valuable experience in creating teams and connecting people.

## Bio

Serial social impact and technology entrepreneur, CEO and Founder of London based tech group M3 Holdings which comprises 3 fast-growing companies: Moneymailme, a Neo-Banking technology infrastructure provider; M3 Payments - FX management and global payments platform; Modex - Blockchain As Database - SaaS technology provider, which in less than 4 years has come to be valued at GBP 250 million.

Mihai holds an MBA in Innovation Management and is currently enrolled in a Doctorate of Business Administration at INSEEC Group with a Thesis on Disruptive FinTech Technologies. Awarded Forbes 30 Under 30 and finalist of Ernst and Young's Entrepreneur of the Year, Mihai is an experienced speaker and entrepreneurship mentor.
